

CSAV announces winter season program Asia to West Africa trades

Dear Customer,

We are pleased to inform you that as part of the winter capacity program, our Asia to West Africa trades will operate as follows as from week 44:

New Discovery Service Sling 2

This sling will be operated with 12 / 3700-3100 teu ships with following port rotation:

Shanghai - Ningbo - Fuqing - Chiwan- Nansha- Port Kelang- Tema - Apapa - Tin Can Island - Abidjan – Colombo - Port Kelang – Shanghai.

Round voyage of 84 days.

This new configuration will also allow us to offer service to Tin Can by ICD and also connect cargo to Cotonou on Diamond Feeder, as well as transporting cargo from Cotonou to Abidjan on same feeder service.

Colombo will play a key role as hub port for cargo distribution, providing connection to all imports to Indian Sub Continent and Middle East.

New Discovery Service Sling 3

West Bound Loop

Vessels: 11 x 9400/11000 teu vessels

Weekly frequency

Far East rotation : Ningbo - Chiwan - Nansha - Port Kelang - Malta

First vessel : CMA CGM COLUMBA, as from week 44 at Asia.

East Bound Loop

Vessels: 11 x 11000/12500 teu vessels

Weekly frequency

Far East rotation : Malta- Shanghai - Hong Kong - Port Kelang

First vessel : CMA CGM CALLISTO as from week 52 at Asia.

Connection from Malta to West Africa will be done using Feeder Connection as follows:

Vessels: 5 x 3100/3500 teu vessels

Weekly frequency

Far East rotation : Malta - Abidjan - Apapa - Lome - Abidjan - Malta

First vessel : Cristina Star, as from week 47 at Malta.

Our current **New Discovery Service**, will be postponed as from **week 44** at Asia until week 7 (2012), when our Summer Season Program will be re launching as from week 8, with same structure, coverage and vessel capacity.

This new configuration will allow CS AV to provide you an improved service in this trade by offering competitive transit times, allowing extended coverage coupled with reliable connections through our own liner services.

For further information please contact your local CS AV Agency representative.
